A'ishah Mavis Foundation

Asslaamu Alaikum (Peace be upon you)

This year is one to remember, no one could have predicted what our future holds, apart from Allah (swt). The year has also taught us that there is always someone less fortunate, today is someone, tomorrow could be us.

The A'ishah Mavis Foundation has been very fortunate this year to be given the task to help as many people we possibly could. We are a small charity with a huge heart, we thank Allah (swt) for giving us this opportunity to do this and we also thank our donors, without your kind donation, none of this would have been possible.

Prophet Muhammad (saw) said "Whoever does not thank people has not thanked Allah." (Abu Dawud)

I hope that this report of the projects we have helped towards with your donations will bring happiness to your hearts and we pray that we have your continuous support.

RAMADAN & QURBANI 2020

Ramadan has been a challenging one for everyone this year, Alhamdulillah we have been grateful to support an orphanage in Dodoma, Tanzania and with your support we were able to feed the fasting orphans for Suhoor and Iftar for the whole month.

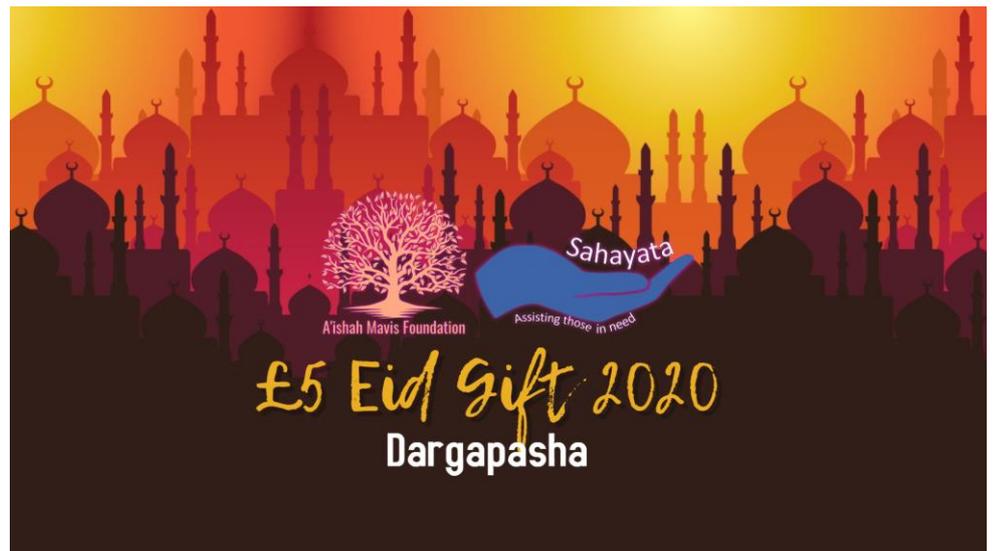

We had been able to help a few masjids in Bangladesh for Suhoor and Iftar who were happy to deliver food to the families. Qurbani was distributed to the Orphanage

£5 EID GIFT

Just like Ramadan, Eid was different to any other, how could we forget the children?

Alhamdulillah many children in Tanzania & Bangladesh were given money to let them spend it for what they would like.

MASJID PROJECTS

We have had a number of Masjid projects this year, all of them had repairs or additional projects that had to be done, we have helped with flooring, tiles on the walls, building a wudu and toilet area are just some of the work that your donations helped with.

WIDOWS AND ORPHANS PROJECTS

In addition to the orphanage we have been helping, we have helped widows with their daily needs, we fundraised to help one aunty with relocation due to her previous house not being suitable for her health, we have also fundraised for another aunty to support her medical treatments and tests.

The Orphanage has been funded to support a Qur'an teacher for two years.

WATER WELL

Our first water well project has been funded and started to be dug and built in Nyashishi. Currently the concrete rings are being placed to create the structure of the well.

FOOD PARCELS PROJECTS

We started to deliver food parcels to the needy in Tanzania, Alhamdulillah we have delivered 30 food parcels so far, each of them consists of 20kg of Rice, 3kg of Sugar, 5kg of Beans, 2L of Cooking Oil and 5kg of Flour.

To contribute to this project, food parcels cost £20 per family. If you would like to donate towards this continuous project,

SMALL PROJECTS FOR THE CHILDREN

We designed some challenges for the children this year, the Art Competition started the children's ability to see how beautiful they can draw or paint. Ramadan came around and during the lockdown that the world was experiencing, we wanted to gift the children certificates for the fasts that they completed in the month, MashaAllah many of the children fasted for the first time, even many of the children had fasted the whole month. Never did we think that we had over 70 children from all around the globe taking part in our small event. InshaAllah we hope to do some of these events again next year.

PLANS FOR 2021

May Allah grant us the ability to do more ameen. The success of the charity comes with the kindness of the donors who contributes to making this happen.

The charity would like to set up a website as soon as possible to help promote the projects we have started and plan in future inshaAllah. If you are willing to lend a hand, we would be grateful.

I cannot thank you all enough for your time and efforts for donating and spreading the word to others, I am blessed to be connected to many more people no matter what race and religion who have been able to lend a hand and help make this charity as legit as possible.

May Allah reward every person that has given their time, whether donating, sharing the charity's messages or working hard in Bangladesh, Tanzania and the UK

Your donation, no matter how big or small, matters to those in need

Many of these projects came from the intentions of others wanting to do more for the needy. If you would like to start a project, Alhamdulillah we have brothers and sisters in Bangladesh and Tanzania who are ready to research any project you may want to start.
